

The United Shield E.R.T shield is a new addition to our range of multi-functional shields. The shield has been designed in close collaboration with tactical operators, to satisfy the need for a shield which is light and versatile, while being strong and robust. The shield is ambidextrous, so that left and right handed operators can use the same shield quickly and without any need to change the handle positions. It is operator friendly when use in different tactical situations, operates well in stairwells and confined space clearing/ assaults as well as dynamic entry and routine patrol. The integrated weapons mount provides for single handed operation, allowing operators to deploy their firearm. The shield has a solid tri-grip handle combined with three soft handles for ease of deploying the shields. The E.R.T. shield offers increased head coverage against other cut-out shields. This design and weigh works well for all levels of shield operators and patrol officers

Armor Solution

United Shield uses high strength aramid achieving the NIJ level IIIA, meeting the NIJ 0108.01 testing standards.

Performance

For the Standard Level IIIA shield

Multit hit Capability with special Threat testing

NIJ IIIA performance - .357 Sig125gr FMJ 1450 ft/s

- .44 Mag240gr SJHP 1450 ft/s

- 9mm 124gr FMJ 1450 ft/s

Level III upgrade for rifle protection available.

Sizes and Weights

Micra – 18” x 30” – 12.6 lbs

Standard - 24” x 36” – 15.5lbs

Large - 24” x 48” – 19.6lbs
