United Shield International

Assault Shield with LED Light Ballistic Shield – Level IIIA

United Shield introduces the latest design in tactical shields to our multi-functional shields. The shield has been designed in close collaboration with tactical operators, to provide maximum protection, while still offering market leading ballistics and weight. The shield is fit standard with the Assault NY tri-grip handle to offer increased stability for the shield user.

The Assault shield is standard with a 4" x 16" view port and dual cut outs to add comfort for the operator when deploying their firearm.

This light includes (1) LED light with 900 lumen output and runtime of 2-4 hours. This light requires 6-CR123 batteries that are housed within the handle system. The light offers a beam of 15°. The system weighs 3 lbs.

Armor Solution

United Shield uses a high strength aramid achieving the NIJ level IIIA, meeting the NIJ 0108.01 testing standards.

Weights and Performance

For the Standard Level IIIA shield (24" x 40"), the weight 18.25 lbs.
NIJ IIIA performance - .357 Sig125gr FMJ 1450 ft/s
- .44 Mag240gr SJHP 1450 ft/s
Level III upgrade for rifle protection available.

Shapes and Curvature

Dual Circular Arm cut out allows for comfort and fit against user.

Light Specs

Output – 900 lumens.
Runtime – 2 -4 hours
