United Shield International

C.E.R.T. Shield

THE NEXT GENERATION

United Shield International introduces the
NEXT GENERATION in shield technology, the USI
C.E.R.T. Shield.

Key Features

This shield builds on our popular ERT shield design and functionality while taking it's operational performance to the NEXT GENERATION of performance.

The CERT shield enables the operator to function in an unimpeded visual environment while maintaining 100% upper body and head protection. The viewport has the largest unimpeded viewing area of any shield on the market, providing a true 360 degree field of view.

The complete clear, seamless upper section of the shield provides unparalleled situational awareness with no blind spots or viewing obstructions.

The shield weighs 18 lbs
in a Level IIIA 24" x 36" design.
