

Standard LED Light Single Light 1000 Lumens

The United Shield Standard LED is our second generation of our widely popular shield light, in a new, ultra low profile design. The light features a single, 1000 Lumen LED light with 3 functional modes (Moderate on, Continuous on and Turbo-Strobe). The light comes with an accessible battery pack to make changing of the CR123 batteries easy to do in any situation. The light also comes standard with a pressure pad that can be placed on the handle to assist in ease of turning the light on and off.

Lights are able to be factory integrated or retro-fit to existing shields.
