

United Shield Plate Carrier (USPC)

The United Shield Plate Carrier offers the ultimate combination of protection, functionality and performance. This One Size fits most plate carrier provides maximum load bearing capabilities, enhanced protective coverage and an adjustable shoulder system for improved comfort.

This plate carrier includes a bottom loading internal front and back plate pocket with separate pocket for ballistic panels in both the front and back. Elastic bands are used to secure the plate in place. With MOLLE webbing compatibility in the front, back and sides, this carrier allows for multiple set ups with an accessories on the carrier. The USPC has adjustable shoulders and a kangaroo magazine pocket on the front flap. It also comes standard with an adjustable cummerbund with hook/loop closure underneath the front flap and bungee lace adjustment.

The USPC is made of durable 500D nylon exterior and interior fabric with a "man-Down" drag strap in the rear and 3" x 9" hook/loop ID panels on front and back

Ballistic Protection

The USPC comes standard with no ballistic protection, but certified NIJ 0101.06 Level IIIA and II armor from United Shield is available.
