

United Shield Plate Rack (USPR)

The United Shield Plate Rack offers the ultimate combination of protection, functionality and performance. This One Size fits most plate carrier provides maximum load bearing capabilities, enhanced protective coverage and an adjustable shoulder system for improved comfort.

This plate rack includes a bottom loading internal front and back plate pocket with separate pocket for ballistic panels in both the front and back, with a foam interior for improved comfort. With MOLLE webbing compatibility in the front and back, this carrier allows for multiple set ups with an accessories on the carrier. The USPR has adjustable shoulders and Shoulder and waist buckles for quick donning and doffing. This plate rack also comes standard with removable shoulder pads with hook/loops attachments.

The USPR is made of durable 500D nylon exterior and interior fabric with a “Man-Down” drag strap in the rear and 3” x 9” hook/loop ID panels on front and back

Ballistic Protection

The USPR comes standard with no ballistic protection, but certified NIJ 0101.06 Level IIIA and II armor from United Shield is available for the front and back.
