

LIGHTWEIGHT III++

LEVEL III++

United Shield International introduces its latest innovation in lightweight rifle protection, offering a mobile high protection shield, which provides protection from standard Level III rounds (7.62x51 Nato Ball) as well as the 7.62x39 PS-Ball and Multiple 5.56x45 rounds (55gr M193 and 62gr M855). The shield is flat and is constructed using a proprietary UHMWPE and Ceramic blend to achieve industry leading weight. These new lightweight shields are offered with our dynamic ERT handle system, which allows end users multiple handle configurations. Other handle systems and LED lights are available upon request. This shield is available with our without a viewport.
