

Light Weight RDS Ballistic Shield – LW Level III+ Rifle Rated

The United Shield International Rapid Deployment Shield (RDS) has been designed as a lightweight, highly maneuverable shield to support the needs of officers that require a shield that can easily be stowed in a vehicle for quick deployment. This shield incorporates the latest materials technology to provide market leading weights and a handle system that has been ergonomically developed over a number of years for increased comfort and flexibility. The LW RDS shield has been manufactured to provide a multi-hit capability.

RDS Shield is offered with 3 handle options; RDS Soft, ERT (pictured below) and our horizontal handle.
