MPS Defender Shield Level IIIA with level III+ insert

United Shield International has partnered with MPS to introduce its newest innovation in shield protection, specifically tailored to accessibility of storage inside of a vehicle, with the ability to deploy the shield at a moments notice. The MPS defender shield is manufactured using NIJ 0101.06 certified level IIIA soft armor inside of a cordura covering that offers rigidity and structure to the shield, while also giving the shield the ability to fold in half for ease of storage. Each shield has a rifle plate pocket that accepts our XL 11" x 14" Level III+ plate.

With the ever-evolving threat to patrol officers, the Defender shield gives each officer another tool For protection against both pistol and rifle threats.

Each defender shield comes with a retrofit car Mount, sling and level IIIA armor, all under 7 lbs.

With the addition for the rifle plate, giving protection Against the 7.6x51 M80 and 5.56x45 62 gr M855, the Entire defender system comes in at 12 lbs.

Option of a LED light is also available.
