

UPT Turnout One Size Fits Most

The UPT Turnout one size fits most Outer carrier was developed to offer the end user a one size fits most carrier, offering 360-degree MOLLE attachment points with modularity to adapt to the mission needs with maximum flexibility. This vest includes our unique g-hook attachment system, which allows the vest to grow and shrink around the girth of an individual. Our expanded g-hook system, as well as hidden bird mouth closures allows one vest to fit an individual with a mid section of 30" all the way out to 72". This vest comes standard with armor incorporated in the front, back and cummerbund to cover all gaps as the vest is extended to larger sizes
